When Reese and I decided it was time to leave Houston after he retired, we looked around, and it didn't take much to choose Hilltop Lakes.

I visited Hilltop Lakes many times in the past, beginning around 1975 and again through the 1990's. My experiences then of Hilltop Lakes was from a visitor's point of view, and now we are property owners for 5+ years. It's been great. So many people here make this a welcoming community.

As part of the Hilltop experience, I have joined several groups and loved attending numerous holiday events with family and friends.

Some of the groups I belong to are:

The Catholic Church – 5 years

Lions Club – 4 years

Leon County Emergency Services District #2, Treasurer for 2 years

Sewing/Quilting Club - secretary

Exercise - either indoors or in the pool

Bunco on 1st Monday and 4th Tuesday

Bingo – I am cashier about once a month – I especially like Bingo on the July 4th weekend – when over a hundred come to play!

With all those interests and so much fun I am very much interested in being on the POA because I am aware of the struggles we have had and many of the promises we've heard. I would like to work to see the whole community be a place where we can be proud to live and love to be here.

I am aware that there will be some challenges and changes in the next few years. As part of the ESD#2 I have met the solar farm representatives of Repsol. We are going to experience quite an influx of workers in this area. I want to focus on awareness for our community and keeping everyone safe during the construction period for the next 2 years plus.

Last year, as a Lion, I took on the project of compiling and editing the phonebook as a fundraiser in Hilltop Lakes. I know we are going to be faced with 911 address changes, and I hope I can help in that process.

My work experience is in a variety of industries. I am a quick learner and work well with people. I owned a print shop in Katy, Texas, I worked in Gas Distribution for Enterprise Products, I sold Final Expense burial policies and Medicare gap insurance, I worked as a drapery engineer for a wholesale drapery company catering to high end interior designers, and from 2011 to 2019 we owned 2 Galveston beach houses where I used VBRO reservations online system and managed a 3rd property. I was also the chief housekeeper.

My hobbies are gardening, sewing and cooking. My faith is most important and guides me in everything I do. *God, Family & Community.*
