My name is Raymond Escoto and I'm a homeowner here at Hilltop Lakes. I work as a Procedure and Systems Analyst for the Department of Veterans Affairs. I served in the United States Army and am an Operation Iraqi Freedom war veteran. I moved here from Pflugerville, TX in November of 2022. I have three daughters; one works for Tulane University, one serves in the United States Army and the youngest is a freshman at LSU at Alexandria.

I would like to be re-elected as a board member because I am an experienced leader that has extensive experience in crisis management, escalation management, customer service and senior management. I care deeply about the community, and I am an excellent communicator with a strong desire to serve.

Thank you for allowing me to introduce myself. I look forward to meeting and discussing with and everyone of you if re-elected, wherever we should run into each other.

Very Respectfully,

Raymond Escoto
